And What Have You

By BOB CRAIG

All of us at one time or another have pulled a boner or prank that if the circumstances had been just a little different the results could have been tragic.

Three local young people were involved in such a thing Sunday only for them the circumstances were such that it did make for a tragedy. They were shooting at highline insulators and as luck would have it their car was parked in probably the only spot in the area where the line would fall on the car.

But the most important part of the whole horrible thing was the fact that one boy, Jimmy Lee Hastings, was prepared by training to act in such an emergency. Through his efforts Steve Feagan is now in the hospital in Galveston in what is reported to be in good condition.

Jimmy, through his quick action, was able to get Steve out of the electrically charged, burning car and to administer mouth to mouth insufflation.

While we can no way condone the actions of the boys in shooting at insulators we do wish to commend Jimmy for his being able to respond to the needs of his companion so quickly and capably.

Jimmy credits Scouting and especially his former Scoutmaster, J. O. Murphree, for everything that he was able to do for Steve.

Our only hope is that others will realize that almost any of these unnecessary pranks or stunts that they do just for kicks can very easily turn into a tragedy.

Just when you think that the voter registration system in Texas is about to settle down after several years of change—from a poll tax, to a free national registration, to a free registration—something else comes up.

Now there has been a ruling that the constitutional amendment approved by the voters last fall is invalid.

This does not really change anything as far as registration is concerned for now. But it could cause a change in the future.

What it has done, if upheld by the Supreme Court, is to leave the registration of voters a matter of law which can be changed by the legislature instead of being a part of the constitution which could be changed only by the voters.

The whole situation boils down to fight between the liberal and conservative forces within the state. The liberals want a permanent registration system to eliminate the need to register each year to be eligible to vote. The conservatives want the annual registration system because they feel that it is safer in that it is much harder to have block voting with annual registration. They also feel that it is much easier to eliminate the unqualified voters from the rolls.

Personally we do not care which system is used in Texas but we do wish that we could keep one system long enough to get used to it again. This constant change is keeping too many people away from the polls.

While there is really no difference between the present system and the old poll tax system except that it is free, just the change itself seems to keep people from registering that normally would.

All of this is just to remind you that if you have not already, you need to register before the January 31 deadline. Remember that nothing has changed and you must register if you want to exercise your right as a citizen and vote.

While there will not be a national election this year there will be elections held during the year when your vote will be needed. Besides the annual city and school elections there is always the possibility of some special election.

So, please stop by the BCD office and register before it is too late.

The bank started their remodeling project this past week and we can sympathize with them as they try to carry on their normal business and remodel at the same time.

We are going through the same thing at our house—the only difference is that the bank expects to get through in about 90 days while we may not ever finish.

We, here in Hamlin, are very fortunate to have the fine banking system that we have and we are quite pleased that they are making this effort to add further to their services for the people of this area.

Accident Sunday Causes Serious Injury to Youth

Steve Feagan, 16, was reported to be doing very well Tuesday at John Sealy Hospital in Galveston where he was taken Monday for treatment of electrical burns received in an accident near here Sunday afternoon.

Steve was seriously burned when a rural power line fell on the car he was in after the insulator had been broken. His two companions, Robert Bailey, driver of the car, and Jimmy Lee Hastings, were able to jump from the car when Jimmy saw the line beginning to sway.

Lee Hastings, father of one of the boys, said, "They were shooting insulators. I am ashamed of it, but that is what they were doing."

The boys had gotten back into the automobile before the line fell.

Jimmy, a Hamlin High School junior, looked back toward the car and saw Steve with his hand on the dash and his clothes on fire. He attempted to pull Steve from the electrically charged and flaming car but the shock knocked him to the ground. When he got up Steve was near the door with the electricity bolting from the car door to his body.

Jimmy was not shocked the second time he went to Steve and he began to smother the flames. He administered mouth to mouth resuscitation and when Steve revived Jimmy ran 1.2 mile to the nearest farmhouse to get help. There was no telephone there so the resident carried him to the home of Mr. and Mrs. J. C. Lain Sr. An ambulance was called. Mr. Lain returned with Jimmy to the scene and took Steve and Robert to Hamlin Memorial Hospital. Jimmy remained at the car to prevent anyone from coming near the car and to wait for the ambulance. He came in with the ambulance. Jimmy received minor burns and Robert was

Although it was not a West Texas Utilities line, two WTU employees went to the scene to keep people away from the swagging line and blazing car. The line remained on the car until linemen from Roby could remove it. The car, a 1960 Falcon, was burned to a total loss. The glass melted, all the tires blown out and the body charred.

The car was parked in the

middle of the farm road at a point south of where the high line angled across from the west to the east side of the road.

Steve, son of Mr. and Mrs. Bill Feagan, was flown by a chartered plane from Abilene Flite Service Inc. to Galveston. He was accompanied by

his mother. His father went by car.

Words received from the parents by relatives here Tuesday indicated that he was doing well and that skin grafts would probably be required on three spots on his body each about the size of a silver dollar.

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
Mr. and Mrs. Winslow Gray were very much surprised Thursday night when their youngest daughter, Dorothy, called from Amarillo to inform them that she had gotten married. The bridegroom is Frank Lawrence, whose home is in North Dakota, but at present is in the Air Force. We didn't learn, but supposed he is stationed in Amarillo. All we can say is good luck to them and wishing them many years of happiness. This leaves

the Grays all alone, they will be old folks just like the rest of us now, although Dorothy has lived in Amarillo some time.
Mr. T. N. McCright, father of Mrs. George Wainwright, passed away early Wednesday evening, in Holiday Lodge, Hamlin. He had been in the hospital and had just been moved to the convalescent home a few days. Funeral services were held in Rotan, Friday afternoon, with burial in the Rotan cemetery.

Those attending the funeral for Mr. McCright from our community were, Messrs. Flavil Holmes, Winslow Gray, Johnnie Agnew and Woodrow Goodwin.

Mr. and Mrs. Joe R. Rosenbaum, Pampa, are visiting with Mr. and Mrs. Fred Rosenbaum, having come down to attend funeral services for her grandmother, Mrs. W. A. Albritton. Mrs. Albritton passed away Friday in the Hamlin Hospital and was buried Sunday afternoon with services at the First Baptist Church. Interment was in the East Cemetery beside her husband.

Just wish to say a great big thanks for the nice letter, coming from out Abernathy way, the past week, also all of the other letters received inviting our church members to their church. A word of encouragement, as well as a hand of friendship, is always appreciated.

News has been short so far

this week and since I won't be here to find any on Monday morning, it will have to be that way. Unless a miracle happens there will not be any Fairview News for the next week or two, since I am entering the hospital Sunday night for tests and X-Rays, to be followed by surgery again. This is very discouraging but when you are sick you have to keep trying to get well, so all you can do is keep hoping this will be it this time. Have been ill several weeks and have found out that deciding it is just nerves doesn't do a thing for you, you have to face reality. So here is hoping to be back with you in two or three weeks with a lot of news.

Mrs. Celia P. Hyde of Crowley, La., and Mrs. George A. Foster of Pollock, La., were here for the funeral of their sister, Mrs. W. A. Albritton, Sunday.

Amy Carlette is the new daughter of Mr. and Mrs. W. Carl Isbell. She was born Jan. 12 at 3:37 a.m. She weighed 8 lbs. 2 oz.

James High Tells Garden Club How To Care for Trees

James High of High's Flowers, Stamford, was guest lecturer for the Hamlin Garden Club meeting held Friday in the home of Mrs. Harold Bonner.

He stressed slow deep watering for trees and rose bushes during the current droughty conditions. With the deep crevices now in the ground he said a hard freeze would be very damaging to trees and shrubs.

He also mentioned the prevailing south wind here causes a wayward shape and this is dangerous. Trees should be pruned on the north. He said by pruning and watering the trees properly the weight of the tree could be held in the center.

During the business meeting, Miss Lennie Greenway presided for the election of officers.

The following officers were elected: Mrs. Dick Maberry, president; Mrs. Lillian Mills, first vice president; Mrs. Joe L. League, second vice president; Mrs. Marshall Stewart, recording secretary; Mrs. R. D. Moore, treasurer; Mrs. Floyd Hallmark, reporter; Mrs. B. H. Gardner, historian; and Mrs. J. P. There is a reward at the top of ...

THE CLIMB

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedom which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Even when you know the proper way to climb with skis and the way up becomes easier, it still exerts you. However, the way is made even less of an effort when you think of the rewarding ride down.

The reward of an eternal life with God is easier still because it is a gift.

"For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord."

Attend church...learn more of this wonderful gift.

Senior Class to Sponsor Chili Supper Here Saturday Evening

By Helen Moore
Tommy Oliver
Beth Craig

Students are making pledges to themselves this week as they vow never to get behind in their studies again. Now that mid-term tests are over, everyone has a chance for a new start in his subjects.

The Green Door paper staff has undergone changes in organization this week. At the Student Council meeting last Monday the members selected Mike Young as the Green Door business manager; Randy Smith and Reba Jackson were selected to be feature writers for the paper. They will be interviewing HHS students on current topics each week, and the results of these interviews will be published in the Green Door. The Student Council is also making plans for a school carnival.

The varsity football boys received their jackets on Wednesday, Jan. 11. The jackets were handed out fourth period by football cheerleaders, June Hill, Helen Moore, and Geneva Ward; and after dinner a flood of green jackets was seen on the school grounds.

The Pipers and Piperettes captured their second district win Friday night as they defeated Haskell 75 to 69 and 42 to 34 respectively. The Pipers now have a district record of 2-0 and the Piperettes 1-0. We're backing the Pipers and Piperettes all the way, and we wish them luck throughout the season.

The senior class is once again working hard to earn money for the senior trip and also to perform a public service for the town. They are having a Chili Supper Saturday, Jan. 21, from 5 to 7 p. m. in the school cafeteria. This supper is being held on the last night of the seventh, eighth, and ninth grade boys' tournament.

Real Estate Wanted O

WANTED TO BUY: One, two, three or four room house to be moved. Write Box 339, Hamlin and give details, location, etc.

tournament, so why not come eat chili with the seniors and then go to the tournament? The tickets for the supper may be purchased from any senior student for 75 cents.

June Hill and Helen Moore gave their Girls State report at the Rotary Club luncheon on Wednesday. The girls, surprised to find that so many people did not know what Girls State was, discussed the meaning of Girls State and highlighted the activities of Girls State.

hhs

We welcome Billie Smith and Robert Foster. Billie, a senior, moved here from Snyder. She is living here with her aunt and uncle, Mr. and Mrs. Lester Minton.

Robert, a junior, moved here from Anson. His parents are Mr. and Mrs. Clarence Foster. Mr. Foster works as a pipe fitter.

Area Farm and Ranch News

By Don Elmore

Here's hoping before this reaches the newsstand, my order has been filled for a nice little rain. One of those old time gully washers. The wheat in general is about as sad looking as I can remember it being this time of the year.

Some of the farmers tell me they still have wheat sown, but not up. I wonder how this will work should it rain this week as I have hoped for. Time will tell. I think that's what keeps the farmers going in this country, trying to guess what next year will bring.

If a fellow knew ahead of time it would not be any challenge, but man it would be more profitable!

Most of the Cattle have either been sold or moved to other grazing. Here's hoping no one got hurt.

Thank goodness the market is holding real well and the cattle being sold are either making a little profit or holding their own. This is a break

because I do not remember a time when everyone had to sell and did not lose some money on cattle.

Well we can all look for a good spring and summer -- I hope!

panied her parents to Denver where she visited with her aunt and uncle, Mr. and Mrs. I. L. Howard and Jackie. GM Science Show To Make Appearance At HHS Today At 2

"Liquid sunshine" powers a portable radio. A small platform slides across the floor on a thin layer of air. And a "misbehaving" suitcase illustrates principles used in modern guidance systems.

Hamlin High School students will see these and other interesting demonstrations when the famed General Motors science show, *Previews of Progress*, appears at the school today (Thursday, at 2:00 p. m.

"We seek through *Previews* to inspire more young people to make science and engineering their career and provide the trained talent America must have to keep pace with the promise of the future," James M. Roche, president of General Motors, declares.

David G. Gosler of General Motors Public Relations Staff will narrate the 45-minute, non-commercial presentation. He is one of seven units that take the show to more than a million students each year.

One of the highlights of the show is a fuel cell, a device that converts chemical energy into electric power. Potentially one of the most significant scientific developments of the century, the fuel cell manufactures electricity with much greater efficiency than is now obtained from conventional power plants.

In the show, a few drops of "liquid sunshine" added to the cells provide enough energy to operate a portable radio.

Another example of solar energy, the amazing Sunmobile, will be demonstrated. The 15-inch model car depends on eight photoelectric cells for its operation. The button-like cell on the hood of the car converts light rays into electricity which drives a small electrical motor inside the car. A 300-watt lamp is used to simulate the sun's rays in the show. As the light strikes the cells, the Sunmobile moves smoothly across a table.

In addition to sun power, the *Previews* audience will see an air bearing platform in operation. This small platform, supported by three large circular pads, is designed to slide over any flat surface on a thin layer of air.

The operation of the *Previews* platform is simple. A small blower forces air through the three pads, creating a thin layer of air between the pads and the floor. The air eliminates nearly all sliding friction, enabling easy mobility of the platform.

Another *Previews* sequence illustrates principles used in modern guidance systems. A student volunteer will manipulate a suitcase with "a mind of its own" as the lecturer explains how today's planes, ships and missiles are safely guided along predetermined courses.

Mrs. Max Brown has been chosen to appear in the annual biographical compilation "Outstanding Young Women of America," 1966 edition. The book honors 6,000 young women of America each year, between the ages of 21 and 35. She was chosen for this honor while living in Ozona. She moved here Jan. 3.

The publication was conceived by the leaders of the Nation's Women's Clubs. Guidelines for selection include: unselfish service to others, charitable activities, community service, professional excellence, business advancement, and civic and professional recognition.

Miss Eva Adams, Director of the United States Mint, says the women included in the 1966 edition "are marked for recognition because they shunned mediocrity."

Mrs. Brown, better known as Katy, is the wife of Rev. Max Brown, pastor of the First Baptist Church, and the mother of young Amy Brown, 2. She will be listed in the book as Mrs. Brenda Kate Brown.

Rex Bradford and Harvey Lawlis announced this week that they have moved the location of H and R Garage to the former location of Connally Ford Sales at 152 S. Central.

The general automotive service facility will be able to offer their customers better service in their new larger quarters, according to Mr. Bradford.

Douglas M. Thomas Killed by Rifle Fire While on Patrol in Vietnam

Private First Class Douglas M. Thomas, 22, United States Marine Corps, became the first Hamiltonian to meet death at the hands of the enemy in Vietnam when he fell before hostile rifle fire while on patrol duty in the vicinity of Quang Ngai Saturday, Jan. 14.

A rifle bullet penetrated his chest. Further details are not known here at this time but are expected to be revealed in a letter promised in a telegram from General Wallace M. Greene, Jr., Commandant of the United States Marine Corps. Two such telegrams, one to Pfc. Thomas's young wife, Rosalie, and the other to his mother, Mrs. Verna Mae Thomas of Cranfills Gap, were received late Monday afternoon.

First news of the death, however, was brought to the widow by two Marines, one a captain, the other a sergeant, about mid-morning Monday at the Wilson Electric Company where Mrs. Thomas is employed. By Marine custom, such sad news is carried in person by a team of one officer and one enlisted man in an effort to diminish the shock.

☆☆☆

Douglas Thomas, American Hero

"He thanked God he was able to serve his country."

The voice belonged to Mrs. Rosalie Thomas who was just recovering from the first shock of hearing that her husband had been killed by enemy rifle fire in Vietnam. She was talking about a man, Doug Thomas, Hamilton people had come to love for his cheerful disposition and devotion to duty in the three short years he worked for Jackson Furniture Company here.

"He could have stayed home but he wanted to do his part," Mrs. Thomas went on. Certain circumstances in the Marine Private's family, which are well known here, would have been sufficient reason for him to escape military duty when he was called last spring. Many a young man with fewer responsibilities than Doug Thomas had had escaped military duty by presenting the facts to his selective service board.

Doug was not that kind. He could carry his responsibilities and still serve his country, because he "wanted to do his part."

Doug loved his family and he loved his country, but he loved God too. He taught a Sunday School class of boys eight to twelve years old at the South Side Baptist Church the three years he lived in Hamilton.

He wrote his beloved wife regularly from the dangerous Quang Ngai area where he went on foot patrol into enemy territory for 28 straight days and nights before a rifle bullet found a home in his chest. Doug wrote cheerful letters and he wrote heroic, inspiring letters. He explained that he felt nearer to God when out on patrol than at any other time in his life. And the way he described this feeling to his wife so far away was:

"I thank God I am able to serve my country."

BANK HOLIDAY

Both the Perry National and the Hamilton National banks will be closed today, Jan. 19, in observance of Robert E. Lee's birthday, according to Presidents W. O. Manning and W. G. Barkley. The famous Confederate general was born in 1807.

Welding School Invites Public To Open House January 24th

Tuesday, Jan. 24, will be open house day at the new MDTA Welding School on the corner of East Leslie and South Railroad Avenue. Free coffee will be served through the courtesy of the Hamilton Development Corporation. The school will remain open after the official open house hours of 9 a.m. to 4 p.m. so that visitors who are unable to attend then may still have an opportunity to view the facilities.

The welding school, which began its training program Monday, Jan. 16, is a cooperative effort of the Hamilton Development Corporation, the Hamilton Independent School District and the Hamilton Steel Company, Inc. It came into being under terms of the Manpower Development Act because of the demonstrated need for skilled workers in the Steel Company.

Instructor O. G. Peavler will be on hand all day to explain the workings of the school. Officials from the three sponsoring organizations will also be present to greet visitors. Hamilton Superintendent Forrest Watson said today that the public is invited and urged to attend the open house.

March of Dimes Plans Are Set, Leaders Named

Billy Hamilton, county chairman for the March of Dimes, has announced plans for the annual drive for funds to be used in the fight against birth defects.

Cannisters for contributions have been placed in a number of local businesses this week by Bruce Morton, who is in charge of this part of the March of Dimes fund drive. Folders publicizing the drive will be distributed at Ann Whitney Elementary School Monday.

Bruce Slaughter will serve as Hico city chairman. Mrs. Leslie Bosse is Shive chairman. Herbert Schoen is chairman at Pottsville. Fairy chairman is Mrs. Carl Ray Sellers, and Carlton chairman is Postmaster Jesse Reeves.

Voter Registration Lags With Deadline Looming

A lot of potential Hamilton County voters are going to discover that they are unable to cast ballots in 1967 elections unless they register before the end of January. They may do this by mail or by filling out simple registration forms in the office of Mrs. Pearl Williams, or in sub-stations at Hico and Carlton.

Only 625 voters had registered through the afternoon of Jan. 17. Mrs. Williams told a reporter, "We should have 2,000 at least." Upwards of 3,000 votes were cast in County elections in 1966. This included those who did not have to register because they were over 60 years of age, and 2,156 voters who qualified through paying the poll tax, attaining the age of 21 years or signing free voter registration forms.

Mrs. Williams agrees with state officials that the only way to be sure of being allowed to vote in 1967 is to file a registration form with her

office. Much confusion has been thrown on this matter by an Austin district court's ruling that the registration amendment passed in the November, 1966, election is unconstitutional. Attorney General Crawford Martin has indicated his intention to appeal the ruling.

He has pointed out that the amendment, if held valid, is not effective until Feb. 1, 1968. Registration requirements for 1967 voting are based on an interim law passed by the 59th Legislature.

In the meantime, Mrs. Williams is trying to make it easy for voters to register. She said Tuesday that she will mail registration forms to anyone who calls in for them. On return, they must be postmarked not later than midnight, Jan. 31. The County Tax Collector said she will keep her office open until that hour also for the benefit of those who want to register or to pay their taxes

before they become delinquent.

Mrs. Williams has deputized Mrs. Louise Blair at Blair's Hardware Store in Hico, Mrs. Mary Scott at the Hico City Hall and Jesse Reeves at Carlton to help register voters in the north end of the County.

The importance of registering is pointed up by the fact that it is already known that elections will be held for Hamilton school bonds, for city officials and for school trustees throughout the County. Several other public questions are in the consideration stage.

There will be no registering after Jan. 31 unless court decisions change present understandings. Even persons who will become 21 after Jan. 31 should register prior to that date in order to qualify to vote this year. There is the possibility they may be allowed to register 30 days prior to any given election, but this ruling is questioned.

Persons over 60 years of age are not required to register because of a special provision in the law which applies in towns of less than 10,000 population.

Registration may be completed without written authorization for a husband, wife, father, mother, son or daughter, providing the person doing the registering is himself a qualified elector.

Action on Pecan Creek Watershed Plan May Be Forthcoming-Wilson

Burton Wilson reported to the Hamilton Lions Club at its luncheon meeting Tuesday that the proposals for flood control on the Pecan Creek watershed above Hamilton had reached the Appropriations Committee of the Bureau of the Budget on Monday, Jan. 16. If the plan is approved in the Budget Bureau, it will be forwarded to Congress to be considered for appropriation.

Wilson is chairman of the Pecan Creek Watershed Committee of the Hamilton Chamber of Commerce. He said that the Pecan Creek plan reached Washington last fall just five days too late to be considered by Congress along with 56 similar Texas projects, all of which were approved.

Three replies from Washington officials had been received by Wilson in answer to letters he mailed on Jan. 6. Senators John Tower and Ralph Yarborough and Congressman W. R. Poage wrote of their interest in the Pecan Creek Plan and pledged their support when it reaches Congress.

The plan is designed to save the town of Hamilton from the ravages of flood such as occurred here in 1957. It was prepared by the Soil Conservation Service.

In other portions of Tuesday's program at the Lions Club, Hamilton's Junior Miss for 1967, Janette Thompson, sang the popular song "People," which she will render in the talent portion of the State Junior Miss contest next week. She was accompanied by Jeannie Gilbreath on the piano. Barbara Bullard, Miss Scholastic, and Martha Jones, First Runner-up for the Junior Miss title, were also guests of the Club. They were presented by Alton Wilson, Hamilton Jaycee president.

Hamilton School Superintendent Forrest Watson announced the winners of the Lions Club Peace Essay contest of which he was the local chairman. These are reported in a separate story in this issue.

Brooks Evans, chief engineer of Texas Highway Department District 9 with headquarters in Waco, attended the luncheon to make a short statement on highway safety and to present an award to Bob Miller of the Herald-News for a recent editorial on the subject.

Public Is Invited To Hear Hungarian

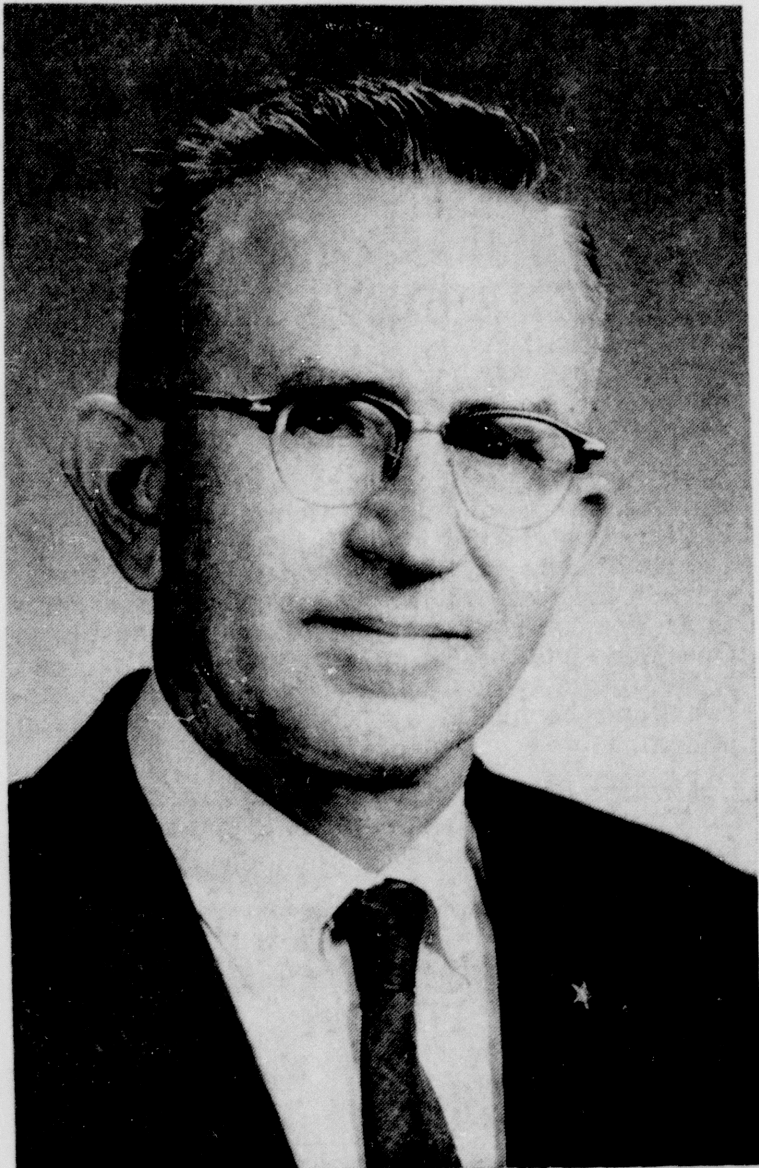

Attila Galamb, a 13 year old Hungarian musician who fled his native country after the revolution, will play in Hamilton Jan. 20 at a special school assembly to which the public is invited.

The program will be at the high school auditorium at 2 p.m. Tickets are 10c each for elementary pupils and 15c for high school students and adults.

Joseph Galamb, the boy's father, will emcee the program. He has taught the boy music and academic subjects, and accompanies him for the school assembly programs.

The Galambs' trip across the Hungarian border into Austria took five days and nights, although the distance was a short one. Since they have been in this country, Attila has played at the Canadian World's Fair, soloed with the Los Angeles Symphony Orchestra, was starred at "Meet Me at Disneyland," three times on the General Motors Show, twice a guest on the Ed Sullivan Show, and six weeks at the Radio City Music Hall in New York.

Attila played drums at the age of 2½ and the guitar when he was 4. Soon he learned to play the saxophone and clarinet. He now plays ten different musical instruments, and has composed several copyrighted compositions.

Post Office Here Advances to 1st Class July 1st

C. M. Hatch, Acting Postmaster at Hamilton, announced this week that he had been officially notified that the Hamilton post office would be advanced from a second to a first class office on July 1, 1967.

The advancement comes as a result of the increased income in the fiscal year ending July 1, 1966. Income in the fiscal year 1966 totalled \$59,443.00. In fiscal 1965, the total income was \$56,813.00.

According to Hatch, the advancement will not result in any general changes in the local operation.

Income in the calendar year 1966 also showed an increase over the comparable 1965 period. Total receipts in the calendar year 1966 were \$59,976.00 as compared to \$57,903.00 in 1965. "This is the third highest income ever recorded in a calendar year in the local post office," Hatch stated. "Postal receipts here seem to be showing a gradual but consistent growth, which could be one indication of a healthy condition of local business," he continued.

The Concordance will be ordered with the next order of books, she said.

Mr. and Mrs. Rowland Wilford are counselors of the Youth Fellowship. They said that the organization is planning to present the Public Library two Bibles later on this year to go with the Concordance they are giving now.

Bulldogs and Indians Split Pair In Their Second District Outing

By DREW CAMPBELL

The Hamilton Bulldogs basketball teams split two games with the Comanche Indians in their second district outing here Friday. The boys overpowered the Braves 67-60, while the girls lost 40-36 due to a fourth quarter rush by their opponents.

Falling behind early in the game, the Hamilton boys trailed 13-8 at the end of the first period. But Bulldog sharpshooting in the second quarter soon put Hamilton ahead 17-15. The Indians tied the score 17-17, but the Red regained the lead 19-17 on a field goal by Lee Roy Tyson. They never lost it again. By the half Hamilton was out in front 27-24.

During the third quarter the Bulldogs slowly pulled away from the Indians and led 48-40 when the buzzer sounded. The final period saw Comanche get within 2 points, 50-48, of tying the score. But once more the Dogs pulled away. Hamilton held a steady 6-8 point lead for the rest of the game and won 67-60.

Butch Williams again set the scoring pace for both teams by wracking up 27 points. Other Hamilton scorers were Lee Roy Tyson 18, Dale Gardner 9, Edward Wenzel 9, Jerry Zschiesche 2, and Billy Newman 2.

Charlie Williams led Comanche with 24 points. Billy Williams had 12, Jerry Ellis 8, Steven Norris 7, Clyde Weaver 7, and Tommy Humphrey 2.

In the girls' game, Hamilton again trailed at the end of the first period of play, this time 14-6. Yet, thanks to the accurate shooting of forward Becky Little and the smooth teamwork of the Bulldog guards, the "Big Red" managed to grab a 20-15 lead at the half.

Despite a Comanche surge during the third period, Hamilton still remained on top 26-25 when the final quarter began. The Indian Maidens missed 3 chances to tie the score with free shots in the last of the third. The Bulldogs managed to build up a 34-29 margin before the roof fell in. Due to several Hamilton mistakes, Comanche jumped ahead 37-34. Janet French sank a field goal to make it 37-36, but it was too late. The Indians' Linda Hicks notched up 3 points just before the end of the game, and made the final score 40-36. Becky Little topped all Hamilton scorers with 18 points. Others were Janet French 8, Pat French 6, and Jane Massingill 4. Judy Seaton led Comanche with 24.

Hamilton Girls, Clyde Boys Win Cage Verdicts

The Hamilton girls basketball team took a one point squeaker, 31-30, while the Hamilton boys had to close fast to lose by only five, 65-60, to the Clyde Bulldogs at Clyde Tuesday night in the first round of District 7-AA competition.

The results left the two Hamilton teams with identical district records of one victory, two losses. The boys have lost to Granbury and Clyde and won from Comanche, while the girls have lost to Granbury and Comanche and won from Clyde.

The Hamilton girls could not buy a field goal in the first quarter at Clyde Tuesday night, and they trailed 12-3 at the end of the period. They were still behind (23-19) at the end of the third period and right up to near the end of the game. With 3:40 remaining, Clyde went into a stall nursing a 30-29 lead. One minute later Hamilton stole the ball and went ahead 31-30 on Becky Little's second straight field goal, and, although Clyde threatened repeatedly, the score stood up.

The Hamilton girls game was divided among four girls: Jane Massingill 11, Janet French 8, Becky Little 7, and Pat French 5. The Clyde sextet also had four scorers: Marty Brisco 11, Dolores Brannon 8, Frances Spears 8, and Becky Dyer 4. Cecil Eager punched in 28 points, 18 in the second quarter to lead the Clyde Bulldogs to victory over the Hamilton Bulldogs in the boys' half of the entertainment. He barely outdid Hamilton's Lee Roy Tyson who splunked in 27 points.

The teams were even at the end of the first quarter, 8-8, but Clyde gradually crept away as the game went along. The lead finally mounted to 19 points before Hamilton hit a late hot streak against Clyde reserves to make the final score respectable, 65-60. Clyde is favored to win the district title and has won all three of its starts.

Helping Tyson on the score board were the following Hamilton tallies: Butch Williams 16, Dale Gardner 8, Edward Wenzel 7, and Roger Miller 2. In addition to Eager's 28 points, Clyde's scoring was done by Jim Paylor 14, Murray Edwards 17, Jimmy Mauldin 5.

New books are added to the shelves of our library from day to day. Most of these have been donated to the library and are placed on the shelves as soon as they have been processed. A great deal of work is required to prepare a book for library use. This work, in our library, must be done by volunteers as the librarian is kept busy with the day to day business of the library. We have a large back log of books that has been building up ever since the library was started.

To hasten the process of preparing all of these books, volunteer help is being sought from the ladies of the community. This work can be done by anyone. In addition to typing, there is filing, stamping, sorting, pasting and lettering to be done. If you can give any time to the library, please call the library and offer your services.

Many of us enjoy the use of the library but abuse it by not returning our books. The overdue charge is only 2c a day and there is no additional charge after the first thirty days. (Then the only reaction is a sigh of relief.)

Check the books that you have at home and return those that are over due or call the librarian and ask her to renew

that book. Some libraries send cards to people who have overdue books and this has been done at the Hamilton library. However, this is time-consuming and expensive. It is much simpler just to return the book. It has been recommended that a new book be added to the library each time a new baby is born in our community. We will attempt to do this. If you would like to honor a new baby with a book, this can be done by contacting the librarian.

The library is appreciative of all donations. Several donations have been made to the library in memory of Mrs. Trimble and her son, Doyle. It is very fitting to buy books in memory of a teacher and a student. Donations have also been received in memory of Mrs. Milton Harelik. The book selection committee will select appropriate books for these gifts if the donor does not specify a specific book. These books are placed in the library and designated as memorial gifts.

Some of the books that have been processed this week are:

"The Lovers" by Kathleen Winslow. This is a fantasy trilogy about some way-out romances. The first one is a triangle; a mother, a daughter, and the devil. The second is the story of a schizophrenic

bride and the third concerns a witch. It sounds like science fiction but it reads like "Forever Amber."

"Botany for Gardeners" by H. W. Rickett. How plants grow, rather than how to grow plants is the subject of this informative book. This gardener's guide explains the basic scientific facts behind common gardening practices.

"The Territorial Imperative" by Robert Ardrey. "The territorial imperative" is a term used by biologists to describe the phenomenon of an animal fighting to protect its home. This book takes this common concept and applies it to man.

Other new books are by Pearl S. Buck, Agnes Sligh Turnbull, Somerset Maugham, Frank Yerby, and Frances Parkinson Keyes.

Funeral services for Walter Jackson Smith, 87, were conducted Saturday morning at the Barrow-Rutledge Funeral Chapel in Hico. Mr. Smith was born Dec. 24, 1879 in Galesville, Ala. He passed away Jan. 13, 1967 in the Hico hospital after a long illness. He had made his home with his son and wife, Mr. and Mrs. John D. Smith and son, Ashley, in Carlton until he became ill. Rev. Herbert Taylor, pastor of the Hico and Carlton Methodist Churches, conducted the services. Mr. Smith was a member of the Church of Christ. The body was flown from Dallas to Mill Creek Cemetery, near Summerville, Ga., for burial. Survivors are one son, John D. Smith, Carlton; one daughter, Mrs. Lola S. Jones, Austell, Ga.; three grandchildren and four great grandchildren. Several from Carlton, including the Baptist pastor, Rev. Melvin Hooten, attended the funeral services.

Mrs. Ettie Basham is a patient in the Stephenville hospital with pneumonia and a heart condition. Jack Duncan is a patient in the Harris Hospital in Ft. Worth.

W. L. Roberts of Electra and daughter Kathy, Hico, spent the week end with his mother, Mrs. C. E. Roberts.

Mr. and Mrs. Douglas Vaughan, Ft. Worth, visited Friday with her parents, Mr. and Mrs. Charley Proffitt.

A pounding was given Wednesday night in the Annex of the Baptist Church for the new pastor and his wife, Bro. and Mrs. Melvin Hooten and son. Coffee and cakes were served.

Hamilton County Agent's Column

by Billy M. McCutchen

With the beautiful weather we had last week end many homeowners, including myself, brought out the pruning shears.

Pruning is often desirable, but also it is often abused. The cardinal rule to follow in pruning either ornamental or fruiting plants is: If you have no good reason for pruning a plant, put the tools away without using them.

The purpose of pruning is to remove unwanted growth as outlined below in order of importance:

1. To remove dead wood or winter-killed growth.

2. To balance the amount of top or branch growth on a plant with the amount of root system at the time of transplanting. (This is especially true with rosebushes or other trees and shrubs moved with bare roots.)

3. To remove parts of plants that are injured seriously by diseases or insects.

4. To repair injuries to the plants by weather conditions, such as storms.

5. To rejuvenate older plants by removing older stems and branches to encourage vigorous new young stems to take their place.

6. To maintain or develop a desired size or form.

7. To produce more or better flowers and fruit.

Some plants such as rose and certain fruit trees require some pruning each year to keep them beautiful and productive, while others such as shade trees seldom need pruning, and then usually only to take out injured or dead wood. Be sure you know the end result you wish before you put your shears in action.

In the late summer and early fall of last year I had several calls about unthrifty peach trees. After examination I found that many were suffering from San Jose Scale. If your trees are bothered with this or with phylloxera (gall formers), you can control them easily now while the trees are dormant with dormant oil sprays.

☆ Events from Evant

☆ Cornelia B. Kreid

Another grass fire, on Saturday, burned some of the Lee-Ray neighborhood quite extensively, but because there was no wind, the Evant Fire Department soon brought it under control. The moisture that had fallen a day or two earlier may have added to the dampness too, but all the pastures are dry as powder, generally, and more growth than is usual for the time of year is a fire hazard just now.

Mrs. Nannie Wagner and Mrs. Ellery Polk of Fort Worth are visiting Mr. and Mrs. Darnell White and Mrs. Jewel White in Hamilton this week.

Mr. and Mrs. Clint Crosby and Junior visited Miss Mary Lou Crosby and other relatives in Fort Worth recently.

Mr. Darnell White, James Ray White and Junior Crosby visited Mrs. Delbert White and little son Robbie in Evant Friday.

Mr. and Mrs. Robert White Jr. and baby daughter, Lea Ann of Fort Worth visited relatives in Hamilton over the week end.

Mr. and Mrs. William White and Mr. and Mrs. E. W. Brown of Hamilton spent Sunday afternoon with the Clint Crosbys.

Miss Gayle Blum, student at Hillcrest Hospital, Waco, and daughter of Mr. and Mrs. Earon Blum, received her white cap last Friday night.

Mr. and Mrs. Harvie Stubbs visited Mrs. Estell Burns and children in Gatesville Sunday. Jackie Vise spent the week end with the Eber Vises this week.

Mrs. Harvie Stubbs is still on our sick list. Mrs. Mark Musick has had dental work, and has to stay in due to the cold weather. We hope they will soon be fully recovered.

Our Pastor informed us that the Church would start Sunday afternoon and continue 4 to 6 weeks or until completed.

Mr. June Blum of Cranfills Gap visited the Charlie Blums Sunday.

Mr. Will Frank White spent last week in Lampasas with Mr. and Mrs. Armon Wright. From Lampasas he will go to Brady for a visit with Mr. and Mrs. J. H. Slaughter.

On Sunday afternoon, while walking with his young grandson, Jim Kincheloe had an accidental fall down an embankment that resulted in breaking an ankle. The bone punctured the flesh and could have been more serious had help not been easily available. His wife, who was also visiting in the home of their son, Dolan and family, managed to cut his boot and remove it from the injured limb. He was conveyed to Hamilton County General Hospital by J. Y. Hamilton's ambulance, where he underwent immediate care. He is reported to be resting as well as can be expected. He will appreciate cards and letters from his friends, until he is able to have company.

ilton County Junior Livestock
Show, set for Feb. 3, is some-
thing for the grown-ups.

An "Adult Handwork Divi-
sion" has been added to the
Home Economics Division of
the annual show. The superin-
tendent of the section is Mrs.
B. E. Chumney.

Ribbons will be given to the
top five places in each of the
three classes, Paintings, Em-
broidery and Crewel, and Cro-
chet and Knitting. A grand

standing entry in the division.

The new section is open to
all adults living in Hamilton
County who are 20 years of
age and older. Each entry must
be the bona fide work of the
exhibitor, and must have been
made since Sept., 1966.

Entry blanks and a 10c entry
fee per entry are due Jan. 27
by 5 p.m. in the office of Mrs.
Sondra K. Craig, County Home
Demonstration Agent, Box 432,
Hamilton. "We are eager to
have as many entries as possi-
ble in this new division,"
Mrs. Craig said.

(An entry blank is printed
on page 8-B of the Herald-
News this week for the conveni-
ence of adults interested in
entering in the new division
of the show.)

Entries should be brought to
the Pioneer Hall at the Ameri-

All exhibits must be in place

trant. All exhibits will be un-
der the control and guidance
of the Home Economics Divi-
sion Superintendents, who will
use diligence to assure the
safety of all exhibits and pro-
tect against loss or damage.
However, they cannot assume
responsibility for loss or dam-
age done or acquired while en-
tries are on the grounds of the
show.

Additional entry blanks and
complete show rules are avail-
able from Mrs. Craig or from
county home economics teach-
ers.

52nd District Court Disposes of 564 Cases in '66, Report Reveals

Judge Truman Roberts' annual report of the activities of his 52nd Judicial District's Court during 1966 reveals that the filing of 137 new tax suits in Bosque County was the major factor in causing the year-end number of cases pending to be more than it was at the end of 1965. Judge Roberts released the report here Tuesday.

The 52nd District is made up of four central Texas counties, Bosque, Coryell, Comanche and Hamilton. Of these, the lightest case load is in Hamilton County, Judge Roberts' home county.

During 1966, the Court disposed of 564 cases, but had 686 new cases filed including the Bosque County tax cases. Counting the carry-over from 1965, this left the Court with 426 cases pending on Dec. 31, 1966. In 1965, there were 649 cases filed and 950 cases closed out.

When asked by a reporter about the reduced number of cases disposed of by the Court as compared with 1965, Judge Roberts explained that four cases during 1966 were so involved that they alone took nearly three months of the court's time.

Far the lightest load in the District in 1966 was in Hamilton County. Only five criminal cases were filed and five were disposed of. This compares with 21 criminal cases filed in 1965. There are 12 criminal cases still pending in Hamilton County. Civil case filings in Hamilton County climbed from 57 in 1965 to 70 in 1966. The Court has 49 such cases remaining on the books after disposing of 61 in the year just ended.

Bosque County had 32 criminal and 199 civil suits filed in 1966. After the Court disposed of 16 criminal and 169 civil suits, it still had 39 criminal and 86 civil suits pending. The Court ended up with 10 criminal and 111 civil suits still unsettled in Coryell after handling 48 criminal and 165

Future Farmers Enter Houston Livestock Show

Five Hamilton FFA'ers are entering pens of steers in the Junior Commercial Steer Division of the Houston Livestock Show February 22 through March 5.

Entering from here are Damon Herrington, Billy C. Easterling, Dale Gardner, Gary Schuman, and Randal Craig. They will be competing for \$5000 in premiums paid by the Houston show, and will be guests of Armour & Company at a banquet on Wednesday, March 1. Their steers will be graded according to actual U. S. Market grades and premiums paid accordingly.

In this practical portion of the show, animals are not halter broken and are fed-out under normal conditions that would exist in area feed lots and ranches.

The purpose of the Junior Commercial Steer Show is to encourage more 4-H Club members and Future Farmers to participate in practical beef production programs. An economical feeding operation is a prerequisite for entry. Entrants may show purebred, grade or crossbred steers of any beef breed.

Another requirement is a narrative report on the program followed, care of his steers, and cost.

Entries will be judged by two gainfully employed livestock buyers and an animal husbandman.

The '67 show, the second held in the new livestock exposition building and AstroDome, will feature Jimmy Dean, Jim Nabors, Tennessee Ernie Ford, Eddy Arnold and the Kids Next Door. The rodeo offers the highest purse in the world, and attracts top professional cowboys.

Mike Bennett, 15, Hurt In Scooter Accident Thursday

Mike Bennett, 15 year old son of Mr. and Mrs. W. E. Bennett, Hamilton, was injured Thursday, Jan. 12, when he was thrown from his motor scooter in an attempt to avoid collision with an automobile.

The accident occurred on Highway 281 in front of the REA building. Mike swerved to avoid a collision and was thrown into a utility pole.

He suffered a fractured pelvis and hipbone and was treated for the injuries at the Hamilton County General Hospital. He was released Friday, Jan. 13, and is reported doing well at home.

civil suits there in the year just closed. During the year, new filings in Coryell County amounted to 49 criminal and 182 civil cases.

In Comanche County the year 1966 had 29 criminal cases and 120 civil cases filed with the District Court. It disposed of 15 criminal and 85 civil cases during the year, but still had pending on December 31 a total of 37 criminal and 82 civil cases.

Child support payments through the Court climbed sharply in 1966. They totaled \$89,864.37, compared with \$75,909.15 the year before. By counties, the child support payments in 1966 were: Hamilton, \$6,440.20; Coryell, \$48,942.02; Comanche, \$17,637.00; and Bosque, \$16,845.15.

Lions Club Essay Contest Won By Roger Miller

Hamilton High School junior Roger Miller, son of Mr. and Mrs. Bob Miller, was named Tuesday as Hamilton County winner of the Lions Club "Peace is Attainable" essay contest. The title brings Roger a \$25.00 prize. He will also receive \$8.33 as the winner of the top award in Hamilton High School.

Second highest score in the county-wide contest was marked up by another Hamilton High School junior, Drew Campbell, son of Mr. and Mrs. Andrew Campbell. The essays were graded on a cumulative score basis by three judges working independently. The essays were numbered so that the author's identity would be unknown to the judges. Forrest Watson, chairman of the contest, said that the two top essays were within a few points of each other on all three tally sheets.

School winner at Hico High School was Denna Meador, daughter of Mr. and Mrs. E. V. Meador. Carlton High School winner was Beverly Phillips, daughter of Mr. and Mrs. A. W. Phillips. Each will receive an \$8.33 prize.

The top six essays in the county were from Hamilton High School. Writers of the six high scoring essays, listed in order of their rank, were Roger Miller; Drew Campbell; senior, Patricia Cozby, daughter of Mr. and Mrs. Joe Cozby; junior Kathy Shipman, daughter of Mr. and Mrs. Robert W. Shipman; senior Mary Louise Little, daughter of Mr. and Mrs. L. W. Little; and senior Lou Ann Beauchamp, daughter of Mr. and Mrs. R. Herman Beauchamp.

The winning essay will compete with others from the area in a district contest. District winner will be announced about Feb. 15. District winners will compete in a state contest. State winners progress to a regional competition. Winners there will go to Lions International, meeting in Chicago in July.

Sen. Word Draws Four Year Term

Senator J. P. Word of Meridian drew a four-year term when the entire membership of the Texas Senate drew lots at the opening of the 60th Texas Legislative session in Austin last Wednesday. The drawing was made necessary when all 31 Senators had to stand for election last fall after redistricting of Texas senatorial districts.

Word is Senator for Hamilton and 26 other counties extending from Ellis on the northeast to Real County on the southwest in Senatorial District Number 12 under the new alignment. He is representing 322,369 people of this vast area in the senate.

The drawing was conducted alphabetically, and Senator Word drew the long term by default as his was the last name to be called. Thirty-one numbers were placed in envelopes. Those who drew even numbers were to serve two-year terms, and those drawing odd numbers won the longer terms. When it came Senator Word's time to draw, only number 23 remained. This automatically gave the Central Texas Senator a four-year term in office.

BEAUTEOUS Carolyn Groves is the understudy for a role in a forthcoming Broadway play. Her father, Weldon Groves, knew this when he telephoned her in New York recently, but he did not know all the details he wished to know. So he started off the conversation with the question, "What's the name of that play?"

"I Can't Hear You for the Water Running," Carolyn replied.

"I asked what's the name of the play," Weldon repeated.

"I Can't Hear You for the Water Running," Carolyn said again.

The third time Weldon received the same answer after practically shouting the question, he asked his daughter with a note of exasperation in his voice, "If you can't hear me, why don't you turn the water off?"

Carolyn answered, "Silly, 'I Can't Hear You for the Water Running' is the name of the play." *****

Speaker Appoints J. E. Ward to 5 State Committees

Representative J. E. Ward of Glen Rose has been appointed to serve on five committees during the current session of the Texas Legislature. They are the parks and wildlife, agriculture, highways and roads, penitentiaries and enrolled bills committees. He is chairman of the enrolled bills committee.

Ward is the Representative in the Texas House from Hamilton, Bosque, Somervell and Johnson counties, which constitute the present legislative district number 54.

The appointments were made by House Speaker Ben Barnes of De Leon on the third day (Jan. 12) of the 60th Legislature. In commenting on the appointments, Barnes said that he has confidence that "Representative Ward is familiar with the problems with which the committees will deal and is qualified to do an excellent job for the Legislature and the people of Texas."

Junior Miss To Attend Tonight's Jaycee Meeting

Hamilton's 1967 Junior Miss, Janette Thompson, will be the honor guest along with the runner-up Junior Miss, Martha Jones, and Miss Scholastic, Barbara Bullard, when the Jaycees get together for their regular meeting in the Jaycee Hall on the west side of the square here tonight. Meeting time is 7:30.

The three attractive and talented young ladies were winners of the Jaycee sponsored contest held here recently. Miss Thompson will leave next Wednesday for New Braunfels to represent the Hamilton Jaycees in the state Junior Miss contest.

"This ought to bring them out to the meeting," President Alton Wilson said after commenting that Jaycee attendance has been below par since the Christmas holidays. Then he made a special plea that all Jaycees show up for the meeting tonight (Thursday).

FACTS
and
BITS

By A. M. Abernethy

Well, did you survive the Super Bowl Football Game and all that went with it? Looked like those Green Bay boys have been doing something besides shoveling snow.

What has me bothered is that they are going to get football games so colossal, so stupendous, so gigantic that we folks back home can't enjoy a good high school game.

Have you ever noticed what has happened to the sizes printed on detergent boxes? If your wife sends you to get a small sized box, you won't find it. You will find a small one, but it will be labeled "Large size." From there on up you find such sizes as Regular, Family, Giant, King, and Economy, but never any called small or medium. I don't think you will ever find a football game listed under the economy label.

Who says that environment doesn't affect a person's thinking? The other night we were at a church meeting where the D. H. Proffitts over Fairy were present. When the name was mentioned, a minister spoke up and said that he thought of great prophets like Isaiah. At the same time an old cowboy nearby was wondering if he was going to make any profit off some calves he was feeding out.

Speaking of church meetings—down at the Baptist Church at a Bible Study last week four "faithful" deacons occupied the very back row at one of the sessions.

This reminded me of what happened several years ago when a nephew was spending the summer with his grandparents. One day while out in the field the dogs chased a rabbit, and the dog the nephew claimed as his got behind. When the grandfather said something about his dog coming in last, the boy spoke right up, "My dog is the hind leader."

Bro. Mac, don't worry, you have some good hind leaders.

If you have been around Dan Wilkerson any you would never guess him to be a pessimist or a fellow that would give up all hope. When I started to install a rain gauge they had given me at the lumber yard, it did not have a bottom in it. It wouldn't even measure the amount of dust that settles out of the air.

Keep your chin up, Dan; tell the people that this is fine weather to paint and repair their buildings.

STRANGE FINDINGS OF THE COURTS

Matters of Interpretation

Two court rulings within the past seven days pose questions of constitutionality which are disturbing to tradition-minded people. One of the rulings involves the federal Constitution, the other applies to the Constitution of the state. Both contain such elements of personal judgment on the part of the judges that conventional methods of determining what is the law of the land seem to

be threatened. Indeed, if the judgments stand up on appeal, another nail will be driven in the coffin containing government by law, and another boost will be given to the trend allowing court rulings to be based on what is in the mind and heart of a presiding judge rather than on what society has established as just law. Fortunately, both rulings are subject to appeal.

THE LINDBERGH ACT

Last Thursday in New Haven, Conn., U. S. District Judge William H. Timbers ruled that the Lindbergh Kidnap Act is unconstitutional because it impaired the right to trial by jury under the 6th Amendment. While the Justice Department is considering whether to appeal within the allowable thirty day period, every person in the United States who is jailed under the Act is suddenly faced with the prospect he will be freed, no matter how heinous was the crime which got him committed. Just last year, 42 persons were convicted under the Lindbergh law. It is difficult to say how many more are in prison now because of violations in previous years.

The thing that is disturbing about Judge Timbers' reasoning is that it could well establish a precedent for any judge to do the same thing in ruling on any other crime. Timbers reasoned that the severity of the Lindbergh Kidnap Act might force a defendant to give up his right to trial by jury because of the risk of death by execution.

The federal kidnap law was enacted after the 1932 kidnapping of Charles A. Lindbergh's infant son. For 35 years, it has been the law of the land. It was ap-

parently enacted in a constitutional manner. It has been accepted as being constitutional in hundreds of cases in the intervening years. Unquestionably it has helped deter crime, thus protecting American citizens in their peaceful pursuits. The first reason for the existence of government is protection of its law-abiding citizens. If the sentiment of the people is that the punishment is too severe, they can prevail on their duly elected representatives to change the law in the very same way it came into being: by legislation.

Under the American system, legislation is a function of the Congress, not of the courts. Judge Timbers may be right in the opinion that death by execution is too severe a penalty for the crime of kidnapping. He may be correct in assuming a criminal would rather play for the sympathy of a single judge rather than face a panel of jurors. This might also be the attitude of any other criminal in any other trial. But Judge Timbers is dead wrong in thinking that the way to change a properly enacted law is simply to call it "unconstitutional," and thus escape its mandates. The courts have been doing this too much lately.

VOTER REGISTRATION RULING

The same day Judge Timbers was making his ruling on the federal question, District Judge Herman Jones struck down the Texas constitutional amendment requiring annual voter registration in place of the poll tax. Attorney General Crawford Martin immediately said the decision would be appealed to the Texas Supreme Court. The fact remains that Judge Jones, unless his ruling is reversed, has effectively undone what a vast majority of Texas voters have accomplished on a matter already made sore by judicial wrangling.

The federal phrase "government of the people, by the people and for the people" is made a mockery when a single official can undo the effects of a popular vote. Along with 15 other amendments to the Texas constitution on the same ballot, Texans voted to do away with the poll tax and institute annual voter registration last Nov. 8 in the general election. Any argument which can make one of the amendments unconstitutional could also be used to make any of the others illegal, because they were all conceived in the Texas legislature in the same manner, processed for the ballots in the same manner, and voted into being in the same manner. None was printed on the ballot in its entirety.

Judge Jones ruled that the amendment in question was misleading in the form it appeared on the ballot because it was incomplete to the point that vital issues were not imprinted thereon. A part of his written judgment is: "It is not to be implied from this holding that the court is suggesting any bad faith with reference to the form of ballot used; rather, it is my conclusion that the form of the ballot fails to give the voter fair notice of the scope, character and pur-

pose of the amendment involved."

Surely, the Judge was not acting in bad faith either, but his ruling, if confirmed, thwarts the expressed desire of the majority of Texas citizens. The AFL-CIO fought the annual registration idea from the beginning and brought the suit leading to Judge Jones' decision. In October the same organization petitioned Judge Jones to keep this amendment off the ballot. At that time he refused to comply, although he indicated he thought the wording was misleading.

It is a strange circumstance when a judge who was elected by the people does not believe these same people have the initiative and intelligence to be informed on an important issue such as the voter registration amendment. This was one of the most publicized of all the amendments in November. It, like all the others, was printed in its complete form in four successive issues of at least one newspaper in every one of the 254 Texas counties. Required by law, this procedure was the same as that followed for all other amendments.

"Frankly, the court has tried to find a way to avoid invalidating the result of an election, but it is my judgment that under the (legal) authorities it is the court's manifest duty to do so," Judge Jones wrote. Obviously the decision pained the judge who made it. But it pains conscientious citizens even more to know that a powerful minority group with plenty of resources at its disposal can fight an issue legally accepted by the majority of citizens until it finally finds the loophole that defeats the majority.

If the courts and the legal profession expect to retain the respect of the citizenship, they must themselves show respect for the citizens.

OUTLOOK

By PASTOR
RAYMOND D. REICH

"WHAT AILS
THE HUMAN RACE?"

Cold wars and hot wars, divorce and broken homes, delinquent youth and problem children, price-fixing and graft — all prompt one to ask, "What ails the human race?" Long ago Isaiah diagnosed it as spiritual sickness. He wrote: "The whole head is sick, and the whole heart faint. From the sole of the foot even unto the head there is no soundness in it, but wounds and bruises and putrefying sores." (Is. 1:5,6) He was not writing about physical illness, for his opening words in verse 4 are, "Ah, sinful nation, a people laden with iniquity, a seed of evildoers, children that are corrupters." He calls sin a sickness of the soul.

This is a good diagnosis of the world's troubles today. Many people abuse their souls, neglect them, or live as though they had none. Just as physical

illness is often caused by the improper functioning of some organ, so soul sickness is the malfunction of the soul or spiritual nature.

What causes this sin sickness of which Isaiah spoke? He says: "They have forsaken the Lord." When people forget the Lord, they ignore His laws and follow the inclination of their own hearts. Sin begins in the heart of man. It is rebellion against God. It is self-will. Jesus said: "Out of the heart proceed evil thoughts, murders, adulteries, fornications, thefts, false witness, blasphemy. These are the things which defile a man." The world has heart trouble.

What is the cure? The Bible answers: "The blood of Jesus Christ His Son, cleanseth us from all sin." (1 John 1:7) The cure for the world's ills lies in Christ. Certainly, we cannot correct all the ills in the world, but in Christ we can find health for our sin-sick soul. We can pass the remedy on to others.

The list of new cordless appliances and gadgets is growing. Here are some points to consider when buying them. Portability is their major asset. Cordless cleaning devices, for example, allow you to maneuver in areas otherwise awkward to reach. And, of course, anything cordless can be used out of doors, miles away from the nearest electrical outlet.

Cordless appliances use power stored in batteries rather than power drawn, via a line cord, from an electrical outlet. Some are run on primary-cell batteries that are replaced when they run down; others use rechargeable batteries that can be recharged at minimal cost.

Safety is a major factor when you consider cordless versus plug-in appliances. The cordless ones are especially safe for two reasons. They require lower voltage, and virtually eliminate electric-shock hazard. This means that the appliances are safe to use in traditionally damp areas — even if you're standing in water.

Disadvantages of cordless appliances vary from one item to the next. Generally speaking, the rechargeable batteries have limited power; the appliances they run can be operated only for limited periods.

Miss James Sings
With Choir Tour

Miss Judy James, a McMurry College sophomore, will accompany the McMurry College Chanters when they begin their annual tour. She is the granddaughter of Mrs. J. Virgil James, Hamilton.

The 50 voice a capella choir is under the direction of Prof. Paul Engelstad. He has earned the reputation as one of the finest choral conductors in the southwest.

A variety of sacred music ranging from the 16th to the 20th century will be included in the 20 concerts presented by the group. The 10 day tour to some 13 cities and towns will include Lubbock, Amarillo, El Paso and Odessa.

The added weight of the batteries makes a few units uncomfortable to work with. And, not surprisingly, cordless appliances usually cost more than their plug-in equivalents, though the rechargeable ones may actually save you money in the long run because they cost less to operate.

Events from Evant

☆ Mrs. Cornelia B. Kreid

(Intended for last week)

Where Thursday's fire still smolders, ranchers are keeping watch and counting themselves fortunate that five fire departments were able to help save homes and avoid more extensive damage.

At about 11:30 Thursday morning, Claibourn Walton spotted a prairie fire on the Jim Murphey place west of his home across. He turned in the alarm, to Eavnt first, then to Lampasas, Gatesville, Hamilton and Shive. Together with neighbors and school boys a fighting crew worked over six hours before the flames were contained. The units were most fortunate that a ample water supply from Bennett Creek was available.

The exact acreage or miles of fence destroyed is impossible to name, but according to Mr. Walton, some three thousand or more acres of grass are charred, miles of fences down and livestock having to be moved due to lack of both. The nearest house, to the fire, was the old Paul January house near Bennett Creek; it was surrounded by fighters and the flame reached the yard. By "backfiring" the flames did not get beyond the creek.

Chief among those owning property in the wake of the fire, in addition to the Waltons are the Jim Soules, Leonard Landrums, Jim Ballows, Dock Aekins, and Old "Cub" Stephens place.

Little wildlife was lost, obviously, and not a single account of domesticated beasts was reported. One volunteer fireman, Delvin Marwitz,

Evant, received scorched hair, while working from the top of a truck. The crew, kept too busy to eat for hours, welcomed sandwiches and other food, sent to the scene by neighbors. The eerie appearance at dusk, with most of the workers finished with a job well done, gave an overall picture of a smoldering battlefield.

A SECOND FIRE ALARM

At about 3:30 on the same day, the ranch fire occurred, Mrs. A. C. Bertrand, Evant, had an accident while burning trash and had to call the Evant Fire Department. The blaze, burning furiously, was soon extinguished by local firemen and neighbors, after spreading over lawn and minor shrubbery.

Ivy McGilvery, local ranchman, underwent emergency surgery at Scott and White Hospital, Temple, Friday. He is reported to be making a splendid recovery. His wife remains at his bedside, but by Sunday the rest of the immediate family had returned to their homes.

Mrs. J. H. Ballow, is spending a few days in Hamilton County General Hospital. She is expected home the first of the week.

Mrs. A. L. McFadden, fourth grade teacher, Evant, missed the first two days of the new year, due to illness.

January and Church-wide study go together with the Evant Methodist Church. "Affluence and Poverty" is the theme being used, with Rev. George Matthews introducing the subject from the pulpit Sunday night.

Reports on Omer Sneed, after several treatments at John Sealy Hospital, Galveston, is that he is resting better. No positive report is due until he has had fifteen treatments.

Ernest Brewer, victim of broken bones in both feet, is in room fifteen in Hamilton County General Hospital, where he can see company. Ronnie Griggs is at Valen-

time with his sister and family. Mr. and Mrs. Lowell Buckner. He is due home this week.

Along with illness, January still brings new families to Evant; still causes moves among the ones already living here.

Mr. and Mrs. Lawrence Sellers, Jimmy and Gene moved to the Whiteside house during the Christmas holidays, which is across the street from the January Care Home.

Homer Kinsey and his sister, Miss Gladys Kinsey, moved into the Baker house, across the street from the Odis Fautions. Mr. and Mrs. Leslie Campbell and family moved to the house vacated by Sellers, near the school, and the John Balderrias family, McGregor, moved to the house vacated by the Campbells, near the football field.

Rev. Roy D. Copeland, representative of Texas Alcohol Narcotics Education, Inc. delivered the message on Sunday morning at Evant Methodist Church.

Mt. View Club opens its years work Friday, January 13, at the home of Mrs. Joe A. Kreid. Mrs. Betsy Lacy, H.D. Agent, will present the program.

Word came Sunday that Pvt. Robert Wilson, son of Mrs. Tilda Wilson, who is stationed in Ft. Polk, is to be assigned to a post in San Antonio to study the medical area of the army. He has made a good record in his examinations, and will be ready for his new work in three more weeks.

Mr. and Mrs. Quince Davidson, former merchant in Evant, who are now employed at Boyville, San Antonio, were guests of Mrs. M. J. Broyles over the week end. They are enjoying their work and have some eighty boys in the home.

Earl Stone, 73 a Cameron resident, was buried at Langford Cemetery Jan. 2. He was a son-in-law of the late Mrs. Hulda Boyd, former business woman of Hamilton.

Mr. and Mrs. Bill Elliott, Grand Prairie, spent last Thursday with Mr. and Mrs. Trafton Arnold. Mrs. Elliott and Mrs. Arnold are sisters. Mr. Elliott will be remembered as the mailcarrier between Lampasas and Hamilton, some thirty years ago.

Mr. and Mrs. N. N. Smith were guests of Mr. and Mrs. Trafton Arnold one day last week. They were neighbors in Hamilton.

FRANKIE GOLIGHTLY

Last week I was out of town one day and came home and found my mail lying in my chair, as George always puts it there when I am out of pocket. Among the letters was one bearing the return of "The First Baptist Church" in Hamilton. I could not imagine why the church was writing me, for since I am not a member, I knew they were not going to turn me out. My thoughts kept wandering as I opened the flap on the envelope and started reading. I could hardly believe my eyes when I read these lines: "The library of First Baptist Church has received 'Never Lose Heart' by Max Merritt Morrison, given by the Reverend Mac Hargrove in appreciation to you." Signed by Mrs. James E. Crouch, Library Assistant. After I read and re-read it, I could still not believe it was so. I just do not feel worthy to deserve something in appreciation of me, and especially something that will stay in the church library. But the important thing to me was the fact that their pastor, Rev. Mac Hargrove, had done it. I do not suppose I have ever had anything done for me that was more touching, and I shall never forget it.

I recall when Mac first came to Hamilton, we got acquainted right off. He was in our shop and saw me standing inside the parts department, and as we met, he asked me if I had ever seen their Sunday School rooms at the church and his elegant office. I assured him that I never had. Instead of saying that we would see it some time, he invited me to go right then in his car to look things over at the church. I could not believe there was so much space in those buildings. I had only been in the reception room where showers and other functions are held, but little did I know that there were so many rooms where they hold Sunday School. Then when we walked into his office, I could immediately see that it was elegant. It is very private, and one can see why he is a good preacher, because of the surroundings — peace and quiet while preparing his sermons. Anyway, since that time Mac and I have always been friends and have kidded each other about many things. I think everyone in Hamilton knows by this time that I am especially fond of ministers —

3 Farm Bureau Members Attend Austin Meeting

Three leaders of the Hamilton County Farm Bureau will attend a state-wide legislative conference Jan. 25 in Austin. The one-day session, sponsored by the Texas Farm Bureau, launches the organization's state and national legislative programs for 1967.

County FB president Wesley Garrett, Leslie New and Walter Rabbe will attend from this county. New and Rabbe are co-chairmen of the Policy Execution (PX) Committee, which is charged with the responsibility of working with 200 other county Farm Bureaus in Texas and more than 2700 similar organizations across the U.S. in implementing state and national FB policies.

State officials and legislators are being invited to a banquet on the evening of Jan. 25. Expected to attend are Governor John Connally, Lt. Governor Preston Smith, House Speaker Ben Barnes, Attorney General Crawford Martin, and Agriculture Commissioner John C. White.

Senator J. P. Word, Meridian, and Rep. J. E. Ward, Glen Rose, are also expected to attend.

The conference, at the Villa Capri, will get under way at 1 p.m. with a welcoming address by TFB President C. H. DeVane, Coahoma, who will also outline the meeting's purpose. Conference theme is "Operation Understanding 1967."

Cliff Laywell, TFB assistant legislative director, will discuss issues expected to confront the 60th Legislature, and outline effective techniques that county PX committees and individual members can use in carrying out state FB policies relating to those issues.
